

HEALTH & SAFETY GENERAL POLICY STATEMENT OF COOPER CLARKE CONSTRUCTION LTD

It is the Company's firm intention to ensure that the highest practicable standards of environmental issues and health, safety and welfare are achieved and continually improved in respect of its operations.

The Company accepts in full its obligations to work to the requirements of all legislation and codes of practice relating to Health, Safety and Welfare.

Management and Supervisory staff have the duty and responsibility for implementing this policy in a manner, which ensures that Health, Safety and Welfare considerations are always given Priority.

The effectiveness of the Company's Health and Safety Policy relies heavily on the co-operation of Company employees and the competency of those persons engaged by the Company. Cooper Clarke Construction Limited will ensure through its training policy the competence of employees and it is their duty and responsibility to do everything possible to prevent injury to themselves and to others.

The Company has an excellent record for Health and Safety at its places of work. It recognises that this is achieved through the active participation, of both management and those employed by the company, in identifying hazards and risks and then taking positive action to control them.

This policy will be brought to the attention of all employees and contractors employed by Cooper Clarke Construction Limited through an open door policy.

The policy will be reviewed at least annually and developed in line with current regulations.

The Directors in charge of operations on site, listed below have overall responsibility for Health, Safety and Welfare for Cooper Clarke Construction Ltd.
